

CARVED

- Bird in Hand

A double helix with a laminated and carved bird form; very comfortable in the hand.

Puts your weight directly over the stick to give stable support. Shown in Red Oak.

- Can I Give You a Hand

This cane is a circa 1850s design, hand carved, and shown here in Cherry. A free form cane, one of a kind.

- Dragon

A hand carved cane made with recycled wood. It's free form shape makes it a one of a kind.

Shown here in Mahogany.

- Penguin

The penguin was a custom piece for a fellow whose Mother just loved penguins,

It is shown here as an example of a custom made piece. I make most of these designs as stock, but I love doing custom work. If you are looking for something you don't see on the web site, call and I'll try to design something just for you.
