

WALKING STICKS

- Belly Walker

A design using recycled materials, it is made to put your weight over the center of the stick. Shown in all Cherry.

- Double Helix Walking Stick

A double spiraled walking stick topped with a turned knob. Pictured in Rosewood with a Banksia knob.

- Double Wave Walking Stick

Similar to a double spiral, this design, which is shown in Lacewood and can be made in a variety of woods.

- HE Spiral

A long single spiral, sharp in its definition, with a turned knob handle pictured in Rosewood with a Banksia knob.

- Inspirations Walking Stick

Made of recycled materials, these multicolor, free form sticks are all one of a kind.

When ordering, choose the hook or the handle style.

- Joined Up Walking Stick

Three pieces laminated together, cut in a single spiral and topped with a turned knob.

Pictured here in Wenge' with a Banksia knob.

- Mod Pod

Recycled materials, a modified straight stick designed to put your weight over the stick.

Each one is different. A comfortable fit in the hand is the guiding factor in deciding when the piece is finished.

- Soft Spiral

A long single spiral topped with a turned knob.

- Spindle with Stone

A long wide single spiral with a turned top. Shown with optional stone.
